Teach An Elephant!

Save and use something typed in

Make it ask!

Choose a sprite and make it ask a question

When the person clicks the green flag...

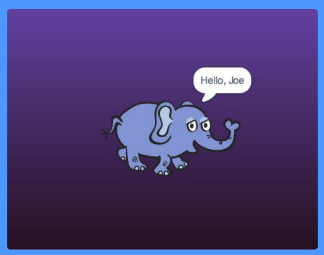

Ask them something!"

No clues left! Ask a friend?

Make it answer!

Make the sprite repeat the person's answer

The elephant keeps the answer in a variable called...

The join block puts words together

Blocks can fit in other blocks...

Share!

Code Reference

There are many ways to create this project, but here is one way.
